

## **1-E Rules and Regulations**

### **1-E LANDFILL - ACCEPTABLE WASTES**

#### **Facility Location**

Contacts: Ed Barkala – ed.barkala@njmeadowlands.gov 201-460-4530  
Chris Dour – chris.dour@njmeadowlands.gov 201-460-4678

#### **Facility Owner**

The New Jersey Meadowlands Commission is the owner of the facility. Contact the Solid Waste Division at 201-460-4677; or the main number at 201-460-1700.

The facility is operated by Waste Management Inc. under contract to the New Jersey Meadowlands Commission.

**ID 13 - Bulky waste:** Large items of waste material such as furniture. Appliances are designated recyclables and are specifically not accepted at the 1-E Landfill. Note that bulk loads of mattresses are NOT acceptable; there can be no more than three (3) to five (5) mattresses per container. There should also be no more than a 3-5 tires per container/load. No plastic bags or cardboard boxes or other cardboard will be accepted. No toys or small appliances will be accepted, as these should be collected with normal household wastes.

**ID 13C - Construction and Demolition waste:** Waste building material and rubble resulting from construction, remodeling, repair, and demolition operations on houses, commercial buildings, pavements and other structures. The following materials may be found in construction and demolition waste: treated and untreated wood scrap; concrete, asphalt, bricks, blocks and other masonry; plaster and wallboard; roofing materials; ferrous and nonferrous metal; non-asbestos building insulation; plastic scrap; carpets and padding; glass (window and door); and other miscellaneous materials; but shall not include other solid waste types. Note that asbestos and cardboard are specifically not permitted waste materials at the 1-E Landfill.

**ID 27 - Dry industrial waste:** Waste materials resulting from manufacturing, industrial and research and development processes and operations, and which are not hazardous in accordance with the standards and procedures set forth at N.J.A.C. 7:26G. Also included are non-hazardous oil spill cleanup waste, dry non-hazardous pesticides, dry non-hazardous chemical waste, and residue from the operations of a scrap metal shredding facility. Note that all ID 27 wastes require pre-approval from the NJMC Solid Waste Division. Contact Chris Dour at 201-460-4678.

No soil of any quantity is permitted in the landfill unless it has received prior approval from our Office as either an ID 27 waste, clean fill, or for soil reuse as landfill

cover. Note that no liquids (flammables, paints, etc.), pesticides, asbestos, household hazardous wastes and/or County designated recyclables or other regulated wastes are acceptable. All loads are subject to inspection by NJMC and Waste Management personnel. Haulers will be charged a minimum \$250.00 reloading fee for any waste that has to be reloaded.

### **Types Not Accepted**

NOTE: The following types will not be accepted at the 1-E Landfill facility:

ID 10 (MUNICIPAL)

ID 12 ( DRY SEWAGE SLUDGE)

ID 23 (VEGETATIVE WASTE)

ID 25 (ANIMAL & FOOD PROCESSING WASTES)

ID 27A - Asbestos Containing Wastes

ID 27I - Ash

ID 72 - Bulk liquid and semi-liquids

ID 73 - Septic Tank clean out wastes

ID 74 - Liquid Sewage Sludge, Regulated Material Wastes, Hazardous Wastes, of Recyclable materials

### **Special Wastes**

For submittal of paperwork for the disposal of ID 27 non-hazardous industrial wastes and contaminated soil, contact Chris Dour at 201-460- 4678.

### **Contaminated Soils**

For soils which can be reused as landfill cover, contact Chris Dour at (201)460-4678.

### **1-E Landfill - Holiday Schedule**

The following state holidays are observed at the landfill and the offices of the New Jersey Meadowlands Commission: New Year's Day, Martin Luther King Day, Lincoln's Birthday, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

### **Safety Regulations**

Waste Management is required to adhere to all Federal, State and Local regulations and to provide a safe, healthy and sanitary workplace. Each of us has the responsibility to make the safety of our co-workers, our customers and the general public a primary concern; this objective is fundamental to the company and our employee's well being, as well as the efficient operation of our business. It is imperative that all persons entering the site know, understand and abide by these safety rules. This listing is not intended to be all-inclusive.

- v Hardhat, high visibility clothes/safety vests, safety shoes and eye protection are to be worn when outside the vehicle.

- v All vehicles must comply with the posted traffic signs, with special attention to the posted speed limit.
- v All vehicles must come to a full stop before proceeding onto the scales.
- v A minimum distance of ten (10) feet must be maintained between all personnel, trucks, rolling stock and heavy equipment.
- v All commercial solid waste vehicles entering the facility shall be equipped with external audible back up alarms, in working order.
- v Loads must be tarped prior to entering the facility. Tarps are to be removed in designated tarp removal areas only.
- v Drivers preparing to enter the active disposal area of the working face must stop and await the directions from the traffic coordinator or heavy equipment operator. The driver is to maintain eye contact with operating personnel at all times.
- v Blind side backing is not to be attempted without guidance. Seek assistance from WMI personnel.
- v All passengers must remain in the inside of the vehicle. No children or pets are allowed on site.
- v Only drivers and equipment operators are allowed in the active disposal area of the working face. Drivers who exit the vehicle in the tipping area must remain within six (6) feet of the vehicle at all times.
- v Riding on the outside of the vehicle or standing on the vehicle rear step is forbidden when driving on site.
- v Cleaning out from behind the blade (truck cleanouts) must be done in designated clean out areas separate from the work zone.
- v The backs of packer trucks and roll off containers must be opened and closed at the tipping area of the landfill working face.
- v While dumping the load, stay clear of the back. Never stand under the open tailgate or raised hopper.
- v Drivers must pull away from the trash pile to secure latches and turnbuckles before moving vehicle from the working face of the landfill. Tailgates, bodies and hoists are lowered once the load is ejected/dumped.
- v Waste Management prohibits non-vehicle/operating personnel from being present at or on the tipping area of the working face. In the event a WM landfill

- employee needs to enter the tipping area of the working face on foot all movement of equipment and vehicles must stop before and during this process. Movement cannot resume until the person(s) on foot have communicated to the vehicle operator(s) that the ground is clear.
- v In the event a truck needs to be towed, the operator/driver of the vehicle needing to be pulled shall hook and unhook the towing equipment. Pull hooks should be mounted to the front of refuse vehicles.
  - v “Jake Brakes” may not be used on site at any time.
  - v Landfill Equipment Operators have the right-of-way on the active disposal area of the working face and landfill. All vehicles are to yield to operating machinery and pedestrians.
  - v A fifteen-foot safe zone must be maintained between heavy equipment and trucks working on the active disposal area of the working face.
  - v Conforming safety chains must be used to hold open roll off container door while unloading. Use of bungee cords, wire, ropes and etc will not be permitted.
  - v Do not pass moving vehicles.
  - v Turn headlights and 4 way flashers on during disposal.
  - v Report all injuries/accidents to the Traffic Coordinator or scale house.
  - v Smoking is prohibited while outside your vehicle.
  - v Horseplay, scavenging or picking through loads is strictly forbidden.
  - v Firearms, and/or weapons of any type are not allowed on the property for any reason.
  - v The use of intoxicating beverages or any other restricted substance on the facility is strictly prohibited.
  - v Photography is prohibited unless there is written permission from the New Jersey Meadowlands Commission.
  - v All visitors must check in at the main office.
  - v The use of cell phones while driving on the landfill property is prohibited.

### **Weighing Procedures**

All trucks entering the 1-E Landfill must have established an escrow account with the NJMC. Contact 201-460-8161. Each vehicle must have an NJDEP Origin Destination (O&D) form for submittal to the scalehouse at weigh-in. All vehicles are required to weigh out and receive a statement of services rendered.

Each vehicle must have: NJDEP registration and decals; and an NJDEP Origin Destination (O&D) form. Haulers leaving the landfill return to the scales and weigh out to receive a statement of services rendered.
